

Dear Family and Friends,

I hope this email finds that you are enjoying your summer. Wild Bill and I, once again, are setting off on a 78-mile ride through the Colorado Rocky Mountains to raise money for Parkinson's. This will be the seventh year in a row that I am riding the Copper Triangle and the third year with Wild Bill on the tandem. Last year we completed the ride in 13.5 hours. With some serious training and a stringent diet administered by my mom, Wild Bill has dropped weight and is ready to rip!

This year was a great one for our family! Mom and Dad celebrated their 40th wedding anniversary last August with friends and family on the farm. We officially welcomed Nate Rittenberry to the "circus" as he and Brooke were married in October. Wild Bill used his 1922 Model T in the wedding festivities and created lasting memories for everyone with his speech. He followed this up with a New Year's appearance on the beach of Nicaragua to witness me proposing to Jennie Pruehs. He'll be returning to Nicaragua in March 2015 for Jennie's and my wedding.

I hope you can take some time to check out the new Wild Bill's Warriors website (www.wildbillswarriors.org). Brad Anderson, a longtime friend, is helping get the site in great shape.

As always, thank you for the continued support. Please let me know if you will be in the CO area the first weekend in August as Wild Bill and I would love to hang out.
