

Friends and Family,

As has become a tradition, I am connecting with you during the holiday season to say THANK YOU and reflect on the wonderful blessings that Wild Bill's Warriors (WBW) had in 2022. This year was an incredible fundraising year as WBW raised more than \$22,000!!! These monies will support individuals with Parkinson's through the Davis Phinney Foundation (<https://www.davisphinneyfoundation.org>) and, also, help purchase a vehicle for transportation at The Illinois Valley Brain Injury Clubhouse (IVBI). Both organizations positively impacted my father's, Wild Bill Halcott, life, and I am excited to help them continue their respective missions. To know friends of my dad will be able to continue their activities at IVBI Clubhouse with a new transportation vehicle is incredible; those activities were very special to my dad and it is nice to see them continue. I thank you all again from the bottom of my heart for such wonderful support.

The Copper Triangle ride this year was, once again, a magical event. The day of the ride had perfect weather and the normal pageantry that had been missing recently post Covid. My business partner, Naimish, joined me again on the ride; it's a real treat to have friends and family come out for the event. The capstone of the weekend was crossing the finish line with my oldest daughter, Marie, on her bike. She had been working on biking in Nicaragua, and we chatted about finishing together as the ride approached. Initially, she was hesitant, but some gummy bears and positive vibes got her over the hump. Finishing with Marie was so special; brought me back to finishing with my dad several years ago and the euphoric feeling of accomplishment and joy of doing something together with family.

Marie finishing the Copper Triangle with me

On the home front, after our return from Nicaragua in July, we spent the summer traveling to see family and friends; we

Will and his mean green Huffy on the pump track

officially settled in Park City in August. Marie (6) started kindergarten on August 17th and has never looked back. She loves the structure and learning environment and it has been so fun to watch her meet new friends. Beyond school she is filling her time with swimming, gymnastics, tennis and now skiing. Will (3) started pre-school as well and told Jennie on the first day as she was tearing up, "It's okay, Mom, I will be back in a few hours." Needless to say, Will is thriving too. He has become obsessed with mountain biking. He graduated from his balance bike to a full-on pedal bike and went to the pump track as often as we would take him this fall. Evie (2) is as independent as ever and bothers her older brother a lot. She is learning more English words, but continues to rely on her native language for her juice, shoes and water. She's a hoot and keeps us on our toes! I rented an office once we got to Park City and have gotten back to work on the next venture. I have enjoyed

the opportunity to learn about new industries and connect again with friends and colleagues. Jennie has quickly jumped into her new community by sitting on a fundraising committee for Will's preschool. Most importantly, she spent the past nine months growing our newest family member . . .

I would like to introduce you all to Theodore Robert Halcott born at 3:53 am on December 1. Theo and Mom are doing great and we feel SO blessed to have a full house with four wonderful children. We are taking the BE WILD to a whole new mantra over here.

Jennie and I were so excited to welcome Theo into the world.....he was tired right way ☺

2022 was a great year for WBW and for our family. I hope this year also brought you and your families happiness, love and joy. As I mentioned above, you guys are a true blessing. Thank you for keeping Wild Bill's Warriors thriving and supporting life-changing organizations. If you still would like to donate, please visit www.wildbillswarriors.org.

Enjoy the holiday season with family and friends and, most of all, BE WILD!!

Love to you all,

Brandon

PS The Park City area ski resorts opened mid November, which was the earliest open in over a decade. The snow is amazing. Please know there's an open invitation to Park City to get a proper experience with the Halcott Circus and enjoy the slopes with us.

I am attaching a PDF with some photos so your spam filter does not block the message and also our earlier update from this summer.
